

PUBLIC NOTICE TO ALL CUSTOMERS OF THE SHEBOYGAN FALLS UTILITIES

The Sheboygan Falls Utilities has filed an application with the Public Service Commission of Wisconsin (PSCW) to adjust electric rates on February 3, 2023. The adjustment is necessary to reflect changes in operating costs and capital improvements.

After review of the rate application, Commission staff proposes an overall increase against the electric utility's present revenues of \$971,367, or 5.45%. The actual change to individual customers will vary with electricity usage, class of service and the ultimate rates authorized by the Commission. If the application is approved by the PSCW as filed, the average residential customer using 598 kilowatt-hours (kWh) of electricity per month will see a monthly increase of approximately \$5.15, or 7.31%. Changes of the monthly bills in other types of customers may vary from these averages.
